

We have now started our final BLQ topic of year 3:

Which is better: the Tour de France or the Tour de Yorkshire?

In this topic, we will be learning about the language, culture and food of France! We will also learn all about the Tour de France and compare it to the Tour de Yorkshire.

Over this half term, can you prepare a project about France? It could be a model of a French landmark, a presentation about the Tour de France or a report about some French food you have tried.

Please bring in your project on Wednesday 20th July

Reading

Reading is so important for your child's progress across all subjects in school. Your child brings home a banded reading book at their reading level. They should be reading at least three times a week at home with an adult.

When they read with you, try to ask them questions to check their understanding of what they have read e.g. "How is that character feeling?" or "What do you think will happen next?".

Spellings

This week's spellings are all important words that you will start to use more and more in KS2. Practise them, cover them up, test yourself!

<i>actual</i>	<i>favourite</i>
<i>business</i>	<i>guide</i>
<i>centre</i>	<i>height</i>
<i>decide</i>	<i>interest</i>
<i>eight</i>	<i>knowledge</i>

Times Tables Challenge

It looks like 3JI will win the final TTRockstars tournament of this year! Can 3ER catch up in time?

1	3JI	8,055
2	3ER	4,281

English

This weekend, can you write a poem about summer?

Here's a short WAGOLL from Mr Ingram:

Buzzing bees and fragrant flowers

Beaming sun on my skin for hours

White marshmallows in the sky

Summer's as good as cherry pie

Features of good poetry

Title and author	
Written in stanzas	
Alliteration	
Metaphors and similes	
Interesting verbs and adjectives	
Rhyming (optional)	
Shows mood and feelings	

Maths

In maths this week, we continued our new unit -

Mass and Capacity.

Explain to an adult what capacity and volume are.

At home, could you ask an adult if you can measure the liquid capacity of 5 kitchen objects e.g. cup, jug, bowl.

If you empty the object, does its capacity change? Why?

Object name					
Capacity	smallest				greatest
