18<sup>th</sup> November 2025

Dear Parent / Carer,

### **Year 8 Midterm Assessments**

The Year 8 Midterm Assessments will be taking place week commencing **1<sup>st</sup> December 2025**.

These assessments provide an opportunity for all pupils to demonstrate their understanding of the learning undertaken so far in Year 8. As in Year 7, children will be assessed against Age Related Expectations (AREs) for each subject. Your child's Coach will discuss the Midterm Assessment Report with you on Meet Your Coach Day in the spring term.

On Microsoft Teams, your child has been issued with a retrieval pack to support them in revisiting prior learning ahead of the assessments. This online pack of resources is designed as an opportunity to refresh learning and includes practice activities your child can complete outside of the classroom. Thank you in advance for your support in encouraging your child to engage with these materials.

If you would prefer a paper version of these resources, please contact the school on 0113 3368400 or email [info@carrmanor.org.uk](mailto:info@carrmanor.org.uk) and we will arrange for a printed copy to be given to your child.

If your child requires any further support, please encourage them to speak to their class teacher or attend the Independent Learning Hub any day after school in S1.

All assessments will be taking place during lesson time, in the usual classroom, across the assessment week. Each Year 8 class has a different timetable, please click [here](#) for all of the timetables and scroll to your child's class to see when their assessments will take place.

If you have any queries about these assessments, please don't hesitate to contact the school.

Yours faithfully

Andrew Laycock

Senior Assistant Principal
